

DDP Study Day in York “Developing skills” May 22nd 2015

This study day will provide an opportunity for people to develop their understanding and skills using DDP principles. There will be a chance to view some recorded work, to think about issues that arise in the course of your work setting and to meet others using this approach. We are also hoping to consider the NICE Consultation document on Children’s Attachment Interventions.

If you have a case you are willing to share (and have consent) please can you let us know before hand.
